I'm sorry Richard. I did not see the email correspondence until you just attached it. As I mentioned to Desean I will update the documents and redistribute to the group.

Brittany – Desean's request below for the status of case management and investigative plans was a repeat of the request I made last week (attached) for the status and latest versions of the actual CMP and IP for this Title VI complaint which, as I understand the CRM, are documents that would be developed between our offices and would guide the actual course of the case and any investigation. Is my understanding erroneous? Thanks

Richard

BTW-

Amy shared a copy of the August 2016 Action Plan to ECRCO some time ago. As we prepare to contact HDOA, would you happen to have any updates on this plan?

Brittany,

First, in preparation for tomorrow's call between ECRCO and Region 9, where are we in terms of case management and the investigative plan? Also, at the beginning of tomorrow's call, would you mind giving a recap of where we are in the overall scheme of things?

Second, I wanted to inform you that I will be the Region 9 point of contact moving forward on this case during Amy Miller's detail to USDA. Please cc me on all communications related to this case. Deldi Reyes and Richard Grow would also like to be cc'd as well.

Thanks!

Desean
